	The St. Catherine's Bed, for young women.
	St. Charles Bed, for men.
	St. George's Bed, for older boys.

The last six beds supported by collections made by Mrs. N. K. Fairbank.

## THIRTY-SECOND ANNUAL

# REPORT OF THE TRUSTEES,

From October 1, 1894, to October 1, 1895.

The trustees herewith present their annual report of the operations of the Hospital during the past Hospital year: The number of in-patients treated during the year was 1670; of out-patients (in the Dispensary) 6914; the number of days of Hospital care of in-patients was 38,818, of which 57 per cent was free work, and the balance pay work. The number of patients was slightly in excess of the number treated during the preceding year, and the proportion of free patients was substantially the same. It is worthy of notice that for the last five years the free work of this Hospital has been each year in the neighborhood of 19,000 days, and the fact that such a large quantity of free hospital work has been maintained in the face of varying conditions and diminished contributions and income is a fact that St. Luke's as a charitable institution certainly has a right to congratulate itself upon. The total expense of maintaining the Hospital during the past year, was, in round numbers, about \$66,000. In addition to this amount, there was the expense for interest, special assessments and insurance, and for the ambulance, bringing up the total expense for the year to \$69,847.66.

We are obliged to chronicle the fact that the income of the Hospital has not this year, as last, kept pace with its expenses. Our income has been reduced some \$3,000, in the item of individual donations, nearly \$8,000 more by decrease in earnings from pay patients, and by \$5,000 in loss from rents which form our endowment income, making a total

(9)

loss of income from these sources of \$16,000. A portion of this has been made up by a decrease in expenses of \$3,000, and something more by the sale of some unoccupied real estate, but notwithstanding this, the deficit for the year still remains in the neighborhood of \$11,000. While it is true that this is the first deficit which has occurred in the maintenance of the Hospital since 1892, it is none the less embarrassing from the fact that it is a debt in addition to the already somewhat large floating debt of the Hospital, and has rendered that debt, now some \$40,000, extremely burdensome and difficult of management; a large portion of it being for current supplies, and therefore of an extremely pressing character. The trustees are now engaged in a vigorous effort to obtain the means for the payment of this debt, in which effort it is hoped that all who have the interests of the Hospital at heart will assist them. It is also hoped that with brightening times and with the probability of increasing income from the various sources above mentioned such a deficit will not again occur. The trustees believe that they can not, with sufficient emphasis, call attention to the fact that St. Luke's is an emergency hospital for the business section of Chicago, and as such has endeavored to keep up the large proportion (heretofore about two-thirds) of free patients, an undertaking which can not succeed unless supported by the public at large and the Episcopal Church in Chicago in particular. Every dollar given to the Hospital will directly result in increasing its ability to care for the destitute sick.

During the year the Hospital has received a donation from Mrs. Lydia B. Hibbard of \$5,000 for the endowment of a bed, and in chronicling this fact it is to be remembered that hardly an annual report of this Hospital for many years has failed to chronicle some such beneficence from the Hibbard family. The Hospital has also received a donation of \$5,000 from Mrs. James Johnston for the endowment of a bed in memory of Miss Annie W. Johnston. The "Girl's Friendly Society" has also paid in the sum of \$4,000 for the endowment of a bed. During the year the support of

several beds has been undertaken by the Auxiliary Board. By the generosity of Mr. Watson F. Blair and Mr. John de Koven, the Hospital has been provided with a very superior ambulance.

The trustees have to chronicle with the deepest regret the death of Mrs. N. K. Fairbank, one of the Hospital's truest friends and foremost supporters, which occurred last July. In her memory the principal Women's Ward has received the name of Helen L. Fairbank.

The condition of affairs in regard to the much-desired building for the Nurses' Home remains as at the date of our last report. The land is lying idle, awaiting the generosity that shall erect a building for this much-desired purpose.

The trustees desire to render the thanks of the Institution to the Medical Board, the House Staff and the Dispensary Board for faithful services during the year, and in the same manner also to thank the officers, pupils and employees of the Hospital and Training School for their services.

The trustees also desire to thank the ladies of the Auxiliary Board for their devotion to, and interest in the Hospital, and also to return the most grateful acknowledgments to all who have aided the Hospital in any manner.

The various reports are herewith submitted showing the workings of the Hospital in detail.

Faithfully yours,

CLINTON LOCKE,	I. K. HAMILTON,
ARTHUR RYERSON,	H. A. WHEELER,
JOHN ROUSE,	CHARLES F. ELMES,
